Cycling Safaris

CROATIA

Highlights of the Dalmatian Islands PLUS 2027

From Dubrovnik to Trogir / Trogir to Dubrovnik

Guided Tour

Guide cycling with group | 185 km/115 mi | 7 nights / 8 days

If you would like to experience the region of South Dalmatia thoroughly, not wanting to do without Dubrovnik and its amazing city walls, this boat and cycle trip is an excellent choice. Accompanied by our charming motor yacht, we get to know this sparsely populated part of Croatia. Breathtaking scenic experiences and cultural highlights await you. The highlights of the trip are the town center of Trogir and Dubrovnik which are listed as UNESCO's world heritage sites. We cycle the islands of Brač, Hvar, Korčula, Lastovo, Mljet and Šipan and experience the interaction of sea and land, culture and nature close up and personally. The direction of this tour alternates each week.

This tour is part of our Plus-Program and matches activity with comfort. Our proud motor yacht Harmonia is your home for an amazing week. Welcoming roomy cabins with private bathrooms, a comfortable sundeck as well as a stylish salon await your visit.

E-Bike Tour
The riding pace is determined by the cyclists on e-bikes. Guests who are taking part on this tour on a gravel or road bike should have the necessary physical condition to keep up with this pace. The tour will take us up to a height of 400 – 700 m above sea-level. The day-tours up to 37 mi./60 km will take us through hilly and mountainous terrain. Thank you for your understanding.

The direction of this tour alternates each week.

TOUR ITINERARY

Day 1 Trogir (Embarkation)

Welcome to Trogir! Individual arrival and check-in on board starts at 1:00 PM. Once you've settled into your cabin, it's time to discover one of Croatia's most beautiful historic towns. During a guided walking tour, you'll explore Trogir's charming UNESCO-listed Old Town, where centuries of history come to life through its narrow streets, lively squares and impressive architecture. In the evening, enjoy your first dinner on board and get to know your fellow travelers. Your ship remains moored in Trogir overnight.

Day 2 Trogir -Island Brač – Island Hvar 20 miles / 32 km

This morning, your cycling adventure begins with a scenic cruise to the island of Brač, renowned for its brilliant white limestone. This exceptional stone has been used in iconic buildings around the world, including the White House in Washington, D.C., and parts of the Reichstag in Berlin. From the picturesque harbor town of Milna, you'll set off on a panoramic circular ride through the island's beautiful Mediterranean landscapes, passing olive groves, vineyards and charming villages. After returning to the ship, enjoy a relaxing cruise to Stari Grad on the island of Hvar, one of Croatia's oldest towns, where you'll spend the night.

Day 3 Hvar Island: Stari Grad – Hvar / Hvar – Island Vis 12 miles / 20 km

Today's ride takes you across the island of Hvar, renowned for its lavender fields, vineyards and charming stone villages. Cycling from Stari Grad to the lively town of Hvar, you'll enjoy spectacular coastal views along the way. Once in Hvar, stroll through its elegant Renaissance square, admire the historic architecture or climb up to the impressive Spanish Fortress for breathtaking views over the harbor and nearby islands. In the afternoon, your ship sails to the peaceful island of Vis, where you'll spend the night.

Day 4 Island Vis - Island Korčula 20 miles / 32 km

The island of Vis is Croatia's most remote inhabited island and remained closed to international visitors until 1995 due to its military significance. Today, it welcomes cyclists with quiet roads, unspoiled landscapes and authentic island charm. Your circular ride starts in the town of Vis and leads to the picturesque fishing village of Komiža, an ideal place for a coffee break by the waterfront. Along the route, you may choose to enjoy lunch at a traditional local restaurant before returning to the ship. During the afternoon cruise, you'll travel to Vela Luka on the island of Korčula, where your ship remains overnight.

Day 5 Korčula Island – Vela Luka – Korčula Town 37.5 miles / 60 km

Today's ride crosses the beautiful island of Korčula, offering a wonderful mix of rolling hills, vineyards, olive groves and panoramic sea views. The island's mild Mediterranean climate makes it a pleasure to explore by bike. Along the way, be sure to pause and soak in the scenery before arriving in the medieval town of Korčula. Often referred to as the birthplace of the famous explorer Marco Polo, the town is known for its narrow, fishbone-shaped streets and beautifully preserved historic center. A guided walking tour introduces you to its fascinating history before you have the evening free to enjoy its lively cafés, restaurants and waterfront.

Day 6 Korčula – Mljet – Island Šipan 20 miles / 33 km

Enjoy a relaxing morning cruise to Pomena on the lush island of Mljet, one of the greenest islands in the Mediterranean. Covered largely by dense forests, Mljet has inspired myths and legends for centuries. According to Greek mythology, this was the island where the nymph Calypso kept Odysseus enchanted for seven years. In the afternoon, you'll cycle nearly the entire length of the island, discovering its peaceful landscapes, quiet roads and beautiful coastline. Your ride ends in Sobra, where your ship awaits for the crossing to the island of Šipan, your destination for the night.

Day 7 Island Šipan – Dubrovnik 7 miles / 11 km

Your final cycling day takes place on the peaceful island of Šipan, the largest of the Elaphiti Islands. Although modest in size, Šipan is rich in Mediterranean charm, with quiet country roads, lush vegetation and picturesque villages making for a relaxed farewell ride.

After returning to the ship, enjoy one last scenic cruise as you sail toward the grand finale of your journey: Dubrovnik, the legendary "Pearl of the Adriatic." Upon arrival, you'll have plenty of time to explore this magnificent UNESCO World Heritage city. During a guided walking tour, discover its impressive city walls, elegant palaces and centuries of fascinating history. In the evening, gather with your fellow travelers and crew for a festive farewell dinner on board, celebrating an unforgettable week of cycling, cruising and discovering Croatia.

Day 8 Dubrovnik (Disembarkation)

After breakfast disembarkation until 9 am and individual trip home or extended stay in Croatia.

E-bike tours suitable for cyclists with a good basic level of fitness. The tours and the elevation gain are very manageable with an e-bike (11-60 km and 400-700 m of elevation per day)

Itinerary changes

We reserve the right to make changes to the planned itinerary due to changing wind and weather conditions as well as organizational requirements.

THE BOATS

Deluxe Boat Harmonia

At 38 x 8.3 m the MY Harmonia is an elegant, pearly-white motor yacht. This two masted beauty meets the highest expectations with her 16 luxurious guest cabins including tiled bathrooms with shower cabins/WC, The salon and numerous sun mats and beds on deck are at the guests disposal. With the bathing platform at the stern, taking a dip in the sea is uncomplicated – unrestricted bathing fun is guaranteed. The Harmonia is the second boat of the Serka family that enriches our deluxe fleet. The experienced crew and the captain offer a warm-hearted and considerate service, leaving no wish unattended.

Catering:

The cook on board is a member of the crew and prepares the breakfast and one or two warm meals a day. The catering consists of 2x full board (breakfast, lunch and dinner) and 5x half board (breakfast and dinner). It starts with the dinner on the arrival day and ends with the breakfast on the departure day.

First Class Ship Bellezza

The Bellezza is a luxury yacht built in the classic motor sailer style with a lot of charm, which impresses with its elegance and incomparable comfort. The 17 spacious guest cabins, which are spread over the main and lower decks, can also comfortably accommodate larger groups. The cabins, decorated in maritime white and blue, are equipped with comfortable beds at ground level, air conditioning and en-suite bathrooms with shower cubicle and WC. The bright and spacious salon with its designer furniture invites you to enjoy sophisticated meals in convivial company. The Bellezza's partially shaded outdoor area with its comfortable lounge chairs and sun loungers offers plenty of space to relax, unwind and enjoy the 360° view of the beautiful Dalmatian islands. A real highlight is the jacuzzi on the upper deck, where you can relax to your heart's content. The bathing platform at the stern guarantees easy access to the sea. Every detail of the ship reflects the great love of seafaring of its owner and captain Ante, who has fulfilled a childhood dream with his "beauty", which is what the name Bellezza translates as. Together with his crew of nine, he personally ensures that you can experience an unforgettable week of island hopping in Croatia on the Bellezza.

Catering:

The cook on board is a member of the crew and prepares the breakfast and one or two warm meals a day. The catering consists of 2x full board (breakfast, lunch and dinner) and 5x half board (breakfast and dinner). It starts with the dinner on the arrival day and ends with the breakfast on the departure day.

Deluxe ShipAndela Lora

The Andela Lora is a very elegant steel ship of the deluxe category. With a length of 131 ft./ 40 m and width of 28 ft./ 8.50 m she offers plenty of space for 17 comfortable cabins (below and above deck) with a bathroom, equipped with shower, sink and toilet. When you come 'home' after a day cycling, it is good to know that the saloon and numerous beach mattresses and beds on the sundeck are the perfect spot to relax. Or take a dive from the bathing platform at the stern of the ship. The friendly crew will do their best to let you enjoy an easy-going journey.

BIKE & FITNESS

Electric bikes are an additional €290

Clients who wish to be supported by a tail-wind and seek to hire an e-bike will receive a high-quality cycle, powered mainly by a Bosch motor capable of covering long distances, and characterized by their light weight and great components. Alternative drive systems may also be used. Standard components of our e-bikes in varying frame sizes include, 28 inch hollow chamber rims with puncture-proof touring tires, high-quality derailleur gears and break systems, a carrier and a sturdy bike stand, touring saddle as well as mudguards and a pannier rack. With our e-bikes you will conquer the hills with a smile, they are a true declaration of independence for all who wish to cycle and seek the support of a little push. Unfortunately there is no possibility to reserve one particular bike-brand in advance.

Gravel bikes are an additional €210

Fitness level
E-bike tours suitable for Islandhoppers with a good basic level of fitness. The tours and the elevation gain are very manageable with an e-bike (18 – 37 mi. / 30 - 60 km and 1312 – 2296 ft. / 400 - 700 m of elevation per day). All bike tours require participants to have a certain basic level of fitness and be able to ride their bikes safely. There is always enough time to complete the tours. Our tour guides will inform you in detail each day about the level of difficulty of the planned daily tour. These are primarily designed as guided e-bike tours. In general, nothing stands in the way of individual e-bike tours after prior consultation with our tour guides and the selection of a suitable route.

Requirement to wear a helmet
Helmets are mandatory on our bike tours. It is advised to bring your own, well fitted, helmet with you as our rental helmet numbers are limited (reservation required).

Guided group pace:
On our e-bike tour programs, the riding pace is determined by the cyclists on e-bikes. Guests who are taking part on these tours on a gravel bike should have the necessary physical condition to keep up with this pace. We thank you for your understanding.

Children
We believe that only children with a good physical condition and previous bicycle tour experience and a minimum age of 10 are able to master the cycle tours with their own strength. Please note that the minimum height for a rental e-bike is 1.50 m (4.9 ft.). Follow-me bikes, bike seats and bike Bungees can also be hired for accompanying children. Our reservation experts are happy to provide you with more detailed information on request.

Level 4 / 5
Cycling tours through hilly to mountainous terrain with some steeper ascents of up to approximately 400 meters. Requires confident riding on winding descents, uneven asphalt, and occasionally gravel paths. Suitable for experienced cyclists accustomed to longer daily stages.

Distance: 11 - 60 km per day
Total elevation: 400 - 700 meters of elevation per day
Road conditions: The roads are mostly asphalted and there is little traffic outside of holiday periods. On the island of Hvar, a short section runs along unpaved gravel and field tracks.
Traffic: Traffic is to be expected in and around coastal towns.
Infrastructure: There are no designated bike paths in Dalmatia, so the bike tours take place on public roads, preferably on quiet side streets.

Relevant for all levels: Safe cycling skills and familiarity with road traffic are prerequisites for taking part in our tours. Anyone renting an e-bike should already have experience and be confident in handling e-bikes, as these bikes are significantly heavier and faster than conventional bikes.

Individual cycling
This tour is primarily a guided group tour. Upon consultation with your tour guides, the possibility to cycle on your own along recommended, suitable routes, may present itself. You are free to set aside a half or full day to swim or spend on board the boat, instead of taking a planned bike tour.

WHAT TO BRING

Specialised cycle clothing may be handy but not strictly necessary. What you do need (among other things) is the following:

- shorts/ long trousers/ track suit/ leggings
- shirts/ sweater/ rain clothing
- good shoes
- sunglasses/ cap/ swimming costume
- extra towel for swimming
- soap/ insect repellent/ sunscreen
- own helmet

GROUP, GUIDE AND BACK-UP SERVICE

On this tour there will be a guide cycling with the group.

There is no support vehicle available on this tour, but there is no time pressure to finish the stages. Our tour guides will inform you beforehand of the nature and difficulty of the tour so you are able to decide if you want to cycle with or rather relax on board. If you would like to cycle on your own, we can provide you with maps and tips for routes.

GENERAL INFORMATION

Meals
The cook that travels along is a member of the crew and prepares breakfast and one or two warm dishes a day which take into account the requirements of active cyclists. The ample breakfast comprises bread, butter, jam, cheese, sausages, coffee, and tea as well as some extras.
For lunch, the cook will generally prepare a light meal and for dinner you can expect a great menu of several courses that often includes fish or seafood as its central dish. Please let us know beforehand if there are any foods you may or will not eat, and we will do our best to accommodate your wishes and to provide alternatives.

Electricity, water and telephone on the ship

Electricity and water are available on board, of course, but within limits. All ships have a generator for 220V, which will however not work around the clock, e.g. to ensure your night's rest it will be switched off overnight.
The plugs are ordinary flat European plugs with two round pins of 4.8 mm in diameter.
The water tanks are large enough to provide sufficient cold and warm water for washing and showering for everyone, if it is used with consideration, i.e. if you turn it off while soaping, and do not leave it on unneeded.
All countries have access to a local GSM 900 mobile telephone network that you can log into if your phone is GSM compatible.

Arrival to tour start

- It is possible to fly to Dubrovnik Airport, which is about 15 km from your port of embarkation in Dubrovnik. From the airport you can take a taxi to the ship (Harbour Dubrovnik, approx. 15 km/40 euro).
- Other possible airport is Split (distance to Dubrovnik: 4,5 hours, distance to Trogir 15 minute taxi drive)

When arriving to Dubrovnik Airport you can take a bus all the way to Gruž Harbour where the ship is docked. Bus journey time is approx. 30 minutes. The ship is situated close to the central bus station of Dubrovnik and only 3 km away from the historical Old town.
