EASY WEST CORK COASTLINE

Self-Guided Tour 2017

131 km | 8 days/7 nights | suitable for families

The tour covers all types of landscape, from rolling green fields to spectacular coastal rides. West Cork is also best known for its colourful villages, all of which are brightly painted in a wonderful array of vibrant colours, with wonderful hanging baskets brimming with flowers out the front of every pub and shop.

The roads are all tarmaced and the route is designed to ensure that you spend most of the week on quiet back roads. On our self-guided tours, you can relax while we organise your seven nights accommodation, bike hire, daily luggage transfer between your different locations and of course route details.

Our easy tours are designed for those who still want to explore Ireland by bike but fancy spending less time in the saddle than on our regular tours. With this in mind we have kept the distances lower and thrown in an extra rest day for good measure, giving you the chance to cycle at a leisurely pace and still have plenty of time to stop for coffee/photographs or simply relax and enjoy the countryside.

TOUR ITINERARY

DAY 1

CORK CITY

Our guesthouse is located near the Western Road some 15 minutes walk from the centre of the city. We recommend that you take a taxi from the station or airport and check into the guesthouse as soon as you arrive so that you are then free to explore the city. Cork is a very lively town with plenty of music and entertainment and all the major points of interest are within walking distance. If you are arriving early the rooms may not be ready till midday but you can leave your bags here and head into town for a stroll.

We will send you on a copy of your accommodation and contact details closer to the tour start. Your bikes, route details and maps will be waiting for you in your guesthouse and our bike mechanic will meet you at 7.00 p.m. to fit you out with your bikes.

DAY 2

CORK TO MACROOM

31 miles / 49kms

After being fitted out with your bicycles, you head out by the banks of the Lee and travel along quiet back roads to the picturesque village of Blarney. Stop here for lunch – and a chance to explore the castle with its world famous “stone of eloquence”.

In the afternoon the route continues to the market town of Macroom in the valley of the Sullane River where you spend the evening.

DAY 3

MACROOM TO GOUGANE BARRA

19 miles/ 30 kms

Today you will cycle through the rolling countryside of the Lee Valley to the wonderfully peaceful lakeside retreat of Gougane Barra, the source of the River Lee.

Your accommodation for the next two nights is in the heart of the Gougane Barra Forest Park.

DAY 4

REST DAY GOUGANE BARRA

The day can be spent in rest and relaxation or you can get on your walking shoes and explore one of the 6 trails of the Gougane Barra Forest Park.

DAY 5

GOUGANE BARRA TO BANTRY

16 miles / 26 kms

Today's cycle brings you along the coast to the bustling coastal town of Bantry. You will have plenty of time to visit Bantry House and with its beautifully restored Gardens and tasty tearooms.

The house overlooks the famous Bantry Bay – if you want to see the Bay from a different angle, why not take the short ferry trip to Whiddy Island.

DAY 6

BANTRY TO SCHULL

16 miles / 26 kms

The route brings you through the little village of Durrus located at the head of the Sheep's Head and Mizen Head Peninsulas. From here you pedal up to a gap in the side of Mount Gabriel and down to Schull, your home for the next two nights.

DAY 7

REST DAY IN SCHULL

Schull is a lively town with plenty of activities to choose from. The village has numerous busy pubs and interesting restaurants, a good book shop and several arts and crafts shops. There is a watersports centre which rents dinghies, diving equipment and arranges kayaking trips. Another popular option is to take the ferry to Cape Clear which you can explore by bike or foot.

DAY 8

HOMEWARD BOUND

We will arrange a transfer in the morning back to Cork City

WHAT TO BRING

*We would seriously recommend that you bring **padded cycling shorts and / or a gel saddle cover** which will definitely make your days cycling more comfortable. Cycling gloves are also a good investment. You can also bring your own saddle which should be possible to attach to our bikes.

*We provide small **pannier bags** (not waterproof) in which you can keep your day-to-day items. Otherwise you may prefer to use a daypack and there are back carriers on each bike for this purpose.

*We do not provide **rain gear** so be sure to bring your own light weight waterproofs.

***We do not provide helmets on our self led tours. It is very important you wear one, so please bring your own.**

*Don't forget **sun cream, sunglasses, sun hat** as well as a bathing suit for that refreshing dip in the Atlantic Ocean.

*Finally if you wish to use **toe clips** please bring your own pedals with toe clips (and spanner) which you can attach to our bikes (the pedals on our bikes do not accommodate toe clips).

BIKE

In 2017 we will be using the **GIANT CITY** bicycles for our tours.

To see the specification for this you can visit the website:

www.giant-bicycles.com/gb/escape-city (Gents model)

www.giant-bicycles.com/en-ie/bikes/model/alight.2.city/28581/99470/ (Ladies model)

Bikes come in different sizes and in gents and ladies style frames.

It is very important you give us your height on booking so that we can allocate the correct bike to you.

You will be provided with a more comprehensive route description and maps at the start of the tour. There is an option each day for a variety of longer route. With the exception of the roads in and out of towns, the traffic on the route should be quite light. You should however cycle carefully at all times, especially when going downhill or during any rain showers.

There are a few hills to climb on this tour so we would recommend that you do try to do some cycling before the tour in order to make your week more enjoyable, if possible do it on varied terrain and include some hill climbing.

BACK UP SERVICE

As this is a self led trip you do not have the back-up of a guide and support van. Our aim is to allow you feel like an independent traveller, free to cycle each day at your own pace while at the same time having the security of knowing that your luggage will be waiting for you in your next accommodation.

If for any reason you are unable to cycle please contact our Dublin office (01 2600749) so we can liaise with the luggage transfers to organise the transfer of bike(s) and person(s). Please note that you will be charged for any additional runs made on your behalf.

Our bikes are serviced after each tour so they should be humming perfectly! If you experience small problems with the bike (i.e., a puncture) you will have a spare tube, pump and tyre lever. You can of course phone our office if you experience any major problems (01 2600749).

ACCOMMODATION

The accommodation is allocated on a twin-sharing basis. We stay in a mixture of B&Bs and small hotels, where we hope to fuse the best standard we can get with the warmest welcome. We ensure en suite facilities almost all of the time however in some of the more remote spots one might occasionally have to share a bathroom.

We do reserve the right to change the accommodation around during the week, but we will always endeavour to provide a high standard.

What if someone needs to contact me during the week?

If you have a mobile phone which operates on the GSM 900 system, this will be compatible with the Irish system. Alternatively someone can call our office during the day and we will be able to contact anyone on the tour.

Extra Accommodation

We would be happy to help you organise extra accommodation outside of Dublin for the start or the end of the week. If you would prefer to organise it yourself please see the websites below. If you are planning to spend a few days in Dublin at the end of the tour, we recommend that you book accommodation well in advance as the capital is very busy on weekends. We do not actually organise accommodation in Dublin but there are a huge range of websites offering a reservation service. A good starting place is Dublin Tourism (www.visitdublin.com).

Weather

Because we are an island located near the gulf stream Ireland has a very mild climate making it ideal for cycling. We recommend that you bring your rain gear as well as your sun hat as a day that starts with rain can end with glorious sunshine! The temperature range during the summer is between 15 and 22 degrees centigrade (60 to 72 degrees Fahrenheit)

Visa requirements

If you hold an EU passport you only need to make sure your passport is valid for the period of your stay. You will need photo identification travelling between Britain and Ireland.

All other nationalities require a passport that is valid for 3 months beyond the intended length of stay. Most nationalities including the USA, Canada, Australia and New Zealand do not require visas for Ireland and receive an automatic 90 day visitor's visa on arrival. If your nationality is not mentioned here you should check with your travel agent or consular office.

Electrical current/Mobile Phone

The standard electrical supply is 220 volts AC (50 cycles). To use small appliances mainland European visitors may require a plug adaptor to fit our 3-pin flat or 2-pin round wall sockets. The mobile phone system in use is a digital GSM 900 system.
