## BOLZANO - VERONA - MESTRE/VENICE TOUR

Self Guided 2017

7 nights/8 days | 280-345 km

This tour will offer you the chance to visit the mountains around Bolzano, the beauty of lake Garda, cities full of culture and history like Verona, Vicenza and Padova and, last but not least, the fascinating Mestre/Venice area.

As a whole it is an easy to manage itinerary, riding on secondary streets with low traffic or paved bike paths. There are light hilly bits with short uphill sections. Trains with bike transportation connect all the cities of the tour, so in case of bad weather, or if you need a day of rest, you can reach your destination by train. A 4-hour ferry cruise through Lake Garda is included.

### TOUR ITINERARY

#### Day 1 Bolzano

Arrival. Bolzano is a famous commercial and tourist centre and also a historical and cultural connection between the Italian and the German world.

#### Day 2 Bolzano–Trento 65/70 km, Elevation up 370 m

Today you will ride mostly along the Adige River, through orchards, vineyards passing the villages of Ora, Egna and Salorno. The dam pathways lead then to Trento. 3rd DAY Trento–Peschiera (50 km + boat).

#### Day 3 Trento-Peschiera/Desenzano 50 km + boat, Elevation up 200 m

Always pedalling along the Adige you reach Rovereto and Mori. From here westwards towards Lake Garda. After a short ascent, a refreshing descent will follow and lead you to Torbole and to Riva. The ferry cruise takes you to the southern part of the lake.

#### Day 4 Peschiera/Desenzano–Verona 35 / 60 km, Elevation up 150 / 330 m

Today you head to Verona. With the Adige crossing it, this is one of the most important and beautiful cities in the Veneto region. Worth visiting are: the roman Arena, the Church of San Zeno and Juliet's House.

**Day 5 Verona–Vicenza****75 or 40 km, Elevation up 470 m**

At first, the route starts out flat and then heads through the Monti Berici, a hilly region just south of Vicenza, with a wonderful view of the city. The old city centre is characterized by the beautiful private palaces and public buildings by Andrea Palladio, the famous 16th century architect known all over the world. The ones who consider this stage too long can take a train from several railway stations to shorten the days cycle.

**Day 6 Vicenza –Padova****50 km, Elevation up 80 m**

Cycling out of Vicenza you will come across the beautiful Palladian Villa Rotonda. Along the Bacchiglione river, the route will continue to the fascinating city of Padova with its famous Giotto's Chapel and one of the biggest squares of Europe "Prato della Valle".

**Day 7 Padova –Mestre / Venice****40 km, Elevation up 0 m**

The tour continues easily through the flat Veneto. You will cycle along the Brenta Canal, overlooked by the countryside villas of the ancient Venetian nobility (Villa Pisani, Malcontenta, Villa Widmann) until you reach Mestre, Venice's mainland.
