MANTOVA TO VENICE BIKE & BOAT TOUR 2018

Guide cycling with the group OR self guided tour | 210 km | 8 days / 7 nights

After a day at your full disposal to discover the magic of Venice, you will start exploring the peculiar ecosystem of the lagoon and the Po Delta area. The trip leads you in the core of the Po plain, until Mantova, where a lot of worldwide known artists left their masterpieces, thanks to the assignment of the famous Gonzaga family.

This cycling tour is largely along the flats of the Po plains, and the daily stages vary from 30 to 55 km – mostly on tarmac cycle paths along rivers and canals, or quiet country roads. The boat is moored at night and typically sets sail after breakfast, meeting up with the bikes in the afternoon. Some parts of the itinerary are undertaken by boat, for example to allow easier access onto cycling paths, or simply to enjoy the cruise through the Venice lagoon.

TOUR ITINERARY

Day 1 **Arrival to Mantova**

The cabins are available from 4.30 p.m. The meeting with the tour leader and the crew is scheduled at dinner-time, at 7 p.m.

Day 2 **Mantova, round tour** **(40 km)**

An entire day dedicated to the discovery of this little visited cultural gem, its three picturesque “lakes” formed by the Mincio, most known highlights of the town.

Day 3 Mantova-Governolo-Zelo (50 km by bike)

A short cruise along the lush banks of the Mincio takes us to Governolo, where it flows into the Po and forms the largest inland basin in Italy. At Governolo Lock, once a vital staging post for local navigation, we saddle our bikes and follow the Po through Ostiglia (famed for its medieval fortress and floating mill) and on to the village of Bergantino. Here we visit the charming Carousel and Street Entertainment Museum. Finally, we reach Zelo, a sleepy village on the Canal Bianco, the waterway which runs parallel to the Po.

Day 4 Zelo-Ferrara-Adria (50 km by bike + 60 km by bus)

After breakfast we continue our bike and boat adventure cycling towards Ferrara, another key City State of ancient Italy. You will visit this historic town and discover its little touched centre, still surrounded by the original city walls. From Ferrara a short transfer by private coach will take you to Adria. Once close to the shores of the sea which bears its name, Adria was an ancient Greek port, famous for trading Baltic amber. Its remarkable museum also bears witness to its Etruscan, Roman and Venetian heritage.

Day 5 Adria-Porto Viro-Chioggia (40 km)

An exhilarating day of discovery alternating sailing and cycling starts with a short cruise to our drop-off point at Porto Viro and the exploration of the Po's delta. This unique wetland park is the prime reserve in Europe for herons and home to several colonies of flamingos. At the mouth of the River Adige, which flows fast and cool from the Dolomites, we then follow the Po-Brondolo waterway and reach the Venetian lagoon. Our overnight stop is the bustling and colourful fishing port of Chioggia, known as "Little Venice".

Day 6 Chioggia-Venice (30 km)

A morning visit to the fish market is recommended and, time allowing, we also climb up Chioggia's millennial clock tower - the oldest in the world - for some breathtaking views. We then enjoy some island hopping in the lagoon itself by bike and boat, starting with our barge dropping us off on Pellestrina (home to the Ca' Roman nature reserve); and continuing by public ferry for the short crossing to the Lido island. Celebrated by Thomas Mann (Death in Venice) and particularly fashionable with the artists and aristocracy of the Belle Époque, the Lido di Venezia is now home to the International Venice Film Festival and its galaxy of stars. Finally, our floating hotel takes us to our marina in Venice, for the culmination of our bike and boat holiday.

Day 7 Venice

In the morning a local guide will let you discover the capital of the ancient "Serenissima Republic of Venice", which held sway over much of the Mediterranean (and beyond) for centuries. After that you have a lot of time to soak up its timeless beauty or explore its islands.

Day 8 Venice - homeward Bound

Departure after breakfast.

High and low water issues, as well as logistic obstacles can modify some of the daily stretches or embarkation points. These decisions are taken by the captain. It is envisaged that the boat will sail some of the way during breakfast or the evening meal to make getting out of the towns easier or to shorten the stages.
