The cycle tours take you to the most beautiful spots and the most impressive sites on Mallorca, Ibiza and Formentera.

Past medieval fortresses, isolated villages and watch towers, you cycle through the ever-changing landscape of the archipelago, stopping at beaches with enticing, crystal-clear water or at tapas bars offering a rich selection of Spanish specialties. The nights are spent anchored at sea near ports or in secluded bays. On board, you are welcome to pitch in with the rigging or just relax and enjoy the fresh sea breeze under full sails.

Enjoy the magnificent view from the walls of the mighty fortification system. The first communal meal lures you back on board. During a welcome drink on deck, you receive a brief introduction to life on board and get to know the crew. Overnight stay in the port of Ibiza.

Dinner included today

Day 2 (Sun) Ibiza island: Sa Caleta –Cale d’Hort (approx. 16 mi. /25 km – 1,312 ft/400m elevation)

After a good breakfast a guided sightseeing-tour takes you across the UNESCO protected old town. Take a walk between the walls of the mighty fortress, where the grand past of the island metropolis becomes alive. Afterwards it’s time to “Cast off!” Your ship takes you to the Bay of Sa Caleta, which is framed by fishing boats. Your cycling tour leads you along fennel-lined streets, around the highest point of the Island towards the sea passing vineyards and white-washed fincas as well as the lovely little town of St. Josef. Breathtaking views onto the bay and at the rocky island as well as onto the ship passing by will make you dream as soon as you reach the cliff coast. You reach the marvellous beach of Cala d’Hort in the afternoon, which invites you to take a swim in this temptingly turquoise blue water. If you like, you are allowed to swim back to the ship. Overnight stay on anchor close to the myth-enshrouded and fascinating rocky island of Es Vedra.

Day 3 (Mon) Formentera Island: La Savina – La Mola Lighthouse – Es Calo (approx. 22 mi. /35 km – 820 ft/250m elevation)

In the Morning your ship takes you on a two hour cruise to the north of Formentera Island. If you’re keen, get some practise in sailing. Formentera is the smallest inhabited island of the Balearics and often quite justly called the Caribbean of the Mediterranean. Your cycling tour takes you to the islands capital Sant Francesc and along white cubicle houses to the lighthouse La Mola, which Jules Verne mentions in one of his novels as „the lighthouse at the end of the world“. The cliffs behind the lighthouse fall off steeply for 140 m, and it is said that in good weather conditions one can see all the way to Africa. You will have some time in the late afternoon to go for a swim at one of the most beautiful beaches of the Balearic Islands. You also should not miss ending the day with a relaxing cocktail at the beach bar in the bay of Es Calo to let the day fade away.

Breakfast and dinner included

Your sailing ship takes you in the morning to Es Canar. Today's cycle tour takes you through the agricultural centre of the island, where numerous almond, fig and carob trees grow. Here we are also going to see the typical red soil of Ibiza. We stop for lunch in a little village called Sant Carlos coming up with a large amount of Ibizan specialities. Afterwards you cycle along the mountainous and wooded north of Ibiza at an elevation of 300 m to the secluded bay of Benirras. Ones pirate heart will jump for joy! Framed by steep rocks, you stay here on your proud ship overnight anchoring.

Breakfast and Lunch included

Day 5 (Wed) Ibiza Island: Benirras – Mallorca island (Sailing Day)

You lift anchor early in the morning to spend the day sailing. You are heading towards Port d’Andratx, which is situated in the southwest of Mallorca. After an extensive breakfast sailing enthusiasts can take an active part in the sailing of the ship. For those who would rather watch, it's enough to enjoy the fresh sea breeze or to settle down with a book they have always wanted to read. After arriving Mallorca Island, there is time for a refreshing swim in the sea or a walk along the promenade of Port d’Andratx. To be side by side to noble yards as well as native fisher boats creates a special atmosphere to enjoy. Try one of the good fish restaurants for dinner today. What could be nicer than eating delicious food in a place with a view?

You continue cycling to the likeable and quiet resort of Sant Elm, where you can spent the afternoon as you like. Go for a swim at the beautiful local beach or join a walk to the old watchtower. Alterations/Changes:

We reserve the right to make changes to the planned route due to changing wind and weather conditions and where required by organizational necessities. Due to wind and weather in the open ocean, changes to the described itinerary are to be reckoned with. Quiet coves and bays are preferred for a peaceful night's sleep on anchor and crossings will only take place if sailing conditions are authorized by the captain. If external circumstances and weather conditions allow it, it is possible to cover longer distances during the night. The extra time thus gained could be used during the day for extending the cycling program.

GENERAL INFORMATION

The cook that travels along is a member of the crew and prepares breakfast and two warm dishes a day which take into account the requirements of active cyclists. The ample breakfast comprises bread, butter, jam, cheese, sausages, coffee, and tea as well as some extras.

All countries have access to a local GSM 900 mobile telephone network that you can log into if your phone is GSM compatible.
