

Cycling Safaris

WEST CORK & KERRY

Self Guided Short Tour 2017

209 km | 4 days / 5 nights

This tour covers some of the most spectacular scenery that Ireland has to offer. Shortly after leaving Killarney you will find yourself cycling between the majestic lakes that have made this area so famous, to be shortly followed by a climb up to Molls Gap with its wonderful views of the Macgillycuddyreeks, Ireland's highest mountain range. The rest of the tour involves more of the same stunning scenery with a wonderful coastal cycle along Kenmare Bay. You then spend a day exploring the relatively unknown Beara peninsula which we feel offers some of the best scenery you will ever see in Ireland. Towards the end of the tour you head inland and stay at a beautiful Lakeside retreat at the source of the River Lee. On the final day you cycle up over the wild and isolated hills of the Coolea region before returning to Killarney.

The roads are all tarmaced and the route is designed to ensure that you spend most of the days on quiet backroads, away from the main tourist routes. The emphasis of our cycling holidays is to give you the freedom to fully enjoy Cork and Kerry and its beautiful landscape at your own pace whilst knowing that your luggage will be waiting for you in your accommodation each night.

TOUR ITINERARY

DAY 1 ARRIVE IN KILLARNEY

On arrival in Killarney you should make your way to your accommodation. If you get there early the rooms in the B&Bs will not usually be ready till midday so you can leave your luggage at the guesthouse and explore this bustling town.

We will send you on a copy of your accommodation and contact details closer to the tour start. Your route details and maps will be waiting for you in your guesthouse.

Your pre ordered bikes will be waiting for you in our near by bike hire shop.

If you have time you could visit Ross Castle a wonderfully restored 16th Century Norman Tower House overlooking Lough Leane. You can even hire a boat from here and row out to a 6th Century monastic site located on one of the nearby islands. Ross Castle is about 1.5 miles from the town.

DAY 2 KILLARNEY TO KENMARE

23 miles / 37 km

The day starts off by following a cycle track into the beautiful grounds of Muckross House. Located on the grounds is a Franciscan Abbey founded in the 15th Century. It is now in ruins but is beautifully situated with a large yew tree rising up through the cloisters. After a stroll around the celebrated Muckross gardens there follows a wonderful cycle along a quiet path between two of the Killarney lakes before we return to the main road.

A steady climb up to Molls Gap is rewarded with a delicious lunch in a restaurant with beautiful views of the surrounding mountains. In the afternoon we sweep down to the picturesque seaside town of Kenmare. There are longer cycles available if you fancy stretching your legs this afternoon.

DAY 3 KENMARE TO CASTLETOWNBERE

32 miles / 51 km

You follow a spectacular coast road hugging Kenmare Bay with its wonderful views of the MacGillikuddy Reeks Mountains, before stopping for lunch at a small pub overlooking the bay.

In the afternoon you can visit the nearby Dereen Gardens with its amazing variety of flora.

Leaving the Gardens you cycle west where you can visit an ancient stone circle or explore the beautiful scenery and quiet back roads of the Beara Way.

DAY 4 CASTLETOWNBERE TO GOUGANE BARRA

21 miles / 34 km

You cycle along the shores of Bantry Bay, one of the deepest natural harbours in Europe. Glengariff, meaning "Rugged Glen" occupies a beautifully sheltered position, surrounded by mountains which, together with its mild climate, permits a variety of luxuriant plants to grow.

You head inland and cycle along quiet country roads with rolling fields dotted with grazing cattle and sheep, before arriving at the lakeside retreat of Gougane Barra, Ireland's first National Park and the source of the River Lee. This is a beautiful peaceful place and an ideal setting for your last night in the countryside before you head back to the hustle and bustle of the great metropolis of Killarney!

DAY 5 GOUGANE BARRA TO KILLARNEY

35 miles / 57 km

For the last day you cycle up into the Coolea region via remote, peaceful mountain roads where you can really feel you are away from it all.

You can stop for a cup of tea at Ireland's Highest Pub before descending back down into Killarney. You should be back in Killarney by mid afternoon when you spend your last night before heading home the following morning.

WHAT TO BRING

*We would seriously recommend that you bring **padded cycling shorts and / or a gel saddle cover** which will definitely make your days cycling more comfortable. Cycling gloves are also a good investment. You can also bring your own saddle which should be possible to attach to our bikes.

*We provide small **pannier bags** (not waterproof) in which you can keep your day-to-day items. Otherwise you may prefer to use a daypack and there are back carriers on each bike for this purpose.

*We do not provide **rain gear** so be sure to bring your own light weight waterproofs.

***We do not provide helmets on our self led tours. We strongly recommend to wear one, so please bring your own.**

*Don't forget **sun cream, sunglasses, sun hat** as well as a bathing suit for that refreshing dip in the Atlantic Ocean.

*Our rental bikes don't have **lights** - no problem on the long summer evenings, but if you are travelling in May or September, please bring your own light or high-visibility vest.

*Finally if you wish to use **toe clips** please bring your own pedals with toe clips (and spanner) which you can attach to our bikes (the pedals on our bikes do not accommodate toe clips).

BIKE & FITNESS

In 2018 we will be using the **GIANT CITY** bicycles for our tours.

To see the specification for this you can visit the website:

www.giant-bicycles.com/gb/escape-city (Gents model)

www.giant-bicycles.com/en-ie/bikes/model/alight.2.city/28581/99470/ (Ladies model)

Bikes come in different sizes and in gents and ladies style frames.

It is very important you give us your height on booking so that we can allocate the correct bike to you.

There are a number of hills to climb on this tour so we would recommend that you do try to do some cycling before the tour in order to make your week more enjoyable, if possible do it on varied terrain and include some hill climbing.

BACK UP SERVICE

As this is a self led trip you do not have the back-up of a guide and support van. Our aim is to allow you feel like an independent traveller, free to cycle each day at your own pace while at the same time having the security of knowing that your luggage will be waiting for you in your next accommodation.

If for any reason you are unable to cycle please contact our Dublin office (+353 1 2600749) so we can liaise with the luggage transfers to organise the transfer of bike(s) and person(s). Please note that you will be charged for any additional runs made on your behalf.

Our bikes are serviced after each tour so they should be humming perfectly! If you experience small problems with the bike (i.e., a puncture) you will have a spare tube, pump and tyre lever. You can of course phone our office if you experience any major problems (+353 1 2600749).

ACCOMMODATION

The accommodation is allocated on a twin sharing basis. We stay in a mixture of B&Bs and small hotels, where we hope to fuse the best standard we can get with the warmest welcome. We ensure en suite facilities.

We do reserve the right to change the accommodation around during the tour, but we will always endeavour to provide a high standard.

What happens if I am delayed on the first night?

Please contact the guesthouse to let them know if you are arriving late.

What if someone needs to contact me during the tour?

If you have a mobile phone which operates on the GSM 900 system, this will be compatible with the Irish system. We will send you a full list of where you are staying on the tour before departure

Looking for extra accommodation at the beginning or end of the tour?

We would be happy to help you organise extra accommodation in Killarney for the start or the end of the tour. If you would prefer to organise it yourself please see the websites below. If you are planning to spend a few days in Dublin at the end of the tour, we recommend that you book accommodation well in advance as the capital is very busy on weekends. We do not actually organise accommodation in Dublin but there are a huge range of websites offering a reservation service. A good starting place is Dublin Tourism (www.visitdublin.com).

Weather

Because we are an island located near the gulf stream Ireland has a very mild climate making it ideal for cycling. We recommend that you bring your rain gear as well as your sun hat as a day that starts with rain can end with glorious sunshine! The temperature range during the summer is between 15 and 22 degrees centigrade (60 to 72 degrees Fahrenheit)

Visa requirements

If you hold an EU passport you only need to make sure your passport is valid for the period of your stay.

All other nationalities require a passport that is valid for 3 months beyond the intended length of stay. Most nationalities including the USA, Canada, Australia and New Zealand do not require visas for Ireland and receive an automatic 90 day visitor's visa on arrival. If your nationality is not mentioned here you should check with your travel agent or consular office.

Electrical current/Mobile Phone

The standard electrical supply is 220 volts AC (50 cycles). To use small appliances mainland European visitors may require a plug adaptor to fit our 3-pin flat or 2-pin round wall sockets. The mobile phone system in use is a digital GSM 900 system.
