Climb out of the valley via a second mountain pass through wild and gugged hills descending into the Black Valley directly underneath Ireland's highest mountains.

### **Day 7 - Black Valley to Killarney** (22.5 km, 360 ascent)

On this final day you have the option of taking a boat trip from Lord Brandon's Cottage to Ross Castle, or walking the full route. The walk leads out of the Black Valley and back into the Killarney National Park. You walk past the Upper Lake of Killarney, a site of one of Ireland's unusual flora, the Strawberry Tree. Continue to Lord Brandon's Cottage, where you may take a boat trip through the lakes down to Ross to shorten the walk. If you choose to walk on to Killarney, you walk past Lord Brandon's Cottage and into the Derrycunihy Forest, ancient oak woodland that is currently fighting a battle with the Rhododendron that is threatening to choke out the indigenous flora. If you bring a thermos flask, this will be filled with tea or coffee. You should bring a water bottle for drinks during the day. You will be able to buy additional snacks and drinks from local shops for during your walk. Two dinners are included in the tour price. An evening meal each night costs somewhere between €20 and €30.

## WHAT TO BRING

Your enjoyment of your walking holiday will be greatly helped by having the right gear. The following list should help you in planning your packing for your trip.

**Footwear:** Good footwear is vital for a happy walking holiday! We recommend waterproof, breathable, walking boots with good ankle support. Boots which are “broken in” (i.e. not brand new), teamed with **well fitting hiking socks** will keep your feet snug and dry and help to avoid blisters.

### Hiking Clothes

We recommend the “onion look” of layering clothing as the best protection against heat/cold:

- Base Layer –this layer should not retain moisture but transport it away from the skin (there are lots of “wick away” fabrics now on the market.
- Insulation layer – this layer should stop you from losing body heat – fleece is ideal
- Outer Layer – this layer should keep you dry even in a downpour! A **waterproof**, breathable jacket and over-trousers are as important as your comfy boots. You should bear in mind that clothing tends to lose its “waterproofness” over time so if you have had your gear for many years it might be time to treat yourself with a trip to an outdoor store!
- Walking trousers/ shorts (avoid denim)
- Warm hat and gloves for chilly mornings or high mountains
- Sun hat
- Walking stick/pole (a great help on uneven terrain)

**Daypack** - a small comfortable rucksack to carry the bits and pieces you will need during the day:

- Water bottle/flask
- Moleskin/plasters/“second skin” – ward off any impending blisters before they become a problem!
- Sun screen
- Camera
- Binoculars
- Mobile phone
