

Cycling Safaris

Portugal (Lisbon) 2019

Guided Tour

Guide in support van | approx. 235 km | 7 nights / 8 days

Portugal, like its neighbour Spain is a land of wonderful contrasts. Considered a Mediterranean country - mostly for its way of life and passion for the marine environment, it's truly distinct and surprisingly global - on account of its historic ties with Asia, India, Africa and South America. Once at the forefront of navigation and world discovery, Portugal remains an intriguing place where history, landscape, gastronomy and a humble, soft-spoken culture welcomes visitors to its sun swept corners.

This week of diverse cycling takes us through the heart of Portugal's best kept secrets. From breathtaking coastlines, rural landscapes to enchanting hilltop palaces. We observe Manueline architecture, verdant National Parks and visit century old vineyards and farmsteads - hearing tales of chivalry & Templar Knights. Of course opportunities to sample Portugal's tasty local dishes, its superb wines and delicious pastries are part of the experience! For music and art aficionados, Portugal's unique Sado comes rich in musical storytelling and ceramic, classic paintings and architecture add to the cultural richness of the nation.

Join us on this unique exploration by bicycle of Portugal's hidden gems. Daily rides of 40-60 km have been carefully chosen to ensure our rides are on quieter back roads and at a level beginner to intermediate riders can both enjoy.

Our tour concentrates on the natural and historical attractions surrounding the central heart of Portugal - Lisbon, Estremadura and the Alentejo. In these regions we find great treasures such as the Sintra National Forest, the surf swept coasts of Europe's most westerly point, the Arrabida Park Highlands and fantastic wines, the fishing communities of the Alentejo and of course, the vibrancy of Lisbon itself - a city more European than Europe itself! Divided by the Rio Tejo, we explore both sides of Portugal's most important river - dividing our rides between both.

The week consists of 5 riding days and a rest day at the verdant medieval town of Sintra - where opulent palaces adorn a majestic forest rising up from the nearby coastline. Each riding day offers completely different scenery - blending sun swept coastal roads between coves with forested parklands, enchanting rural villages and long stretches of peaceful, flat countryside.

A scenic spin through the region's pasturelands and agricultural landscapes arriving to *Sintra*, a virtual fairytale kingdom and once home to generations of Portuguese Royalty seeking solitude in this verdant mountain hideaway. In Sintra, we have a 2 night stay offering plenty of time to explore the palaces, Moorish fortress and boutique shops and cafes of this lovely area. Accommodation in a heritage style mansion (Dinner included).

DAY 5 Thursday FREE DAY Sintra

Today you have the option of exploring many of *Sintra's* natural and cultural wonders such as the forested paths leading to a Moorish Fortress and of course, *La Pena Palace* - an extraordinary site. Tonight your trip leader bids farewell to the group.

<http://bhbikes-us.com/>

21 speed Shimano components, aluminium male/female frame options, front suspension, rear support rack, (not shown) water bottle and front carry bag

We use a number of bicycle models to suit your needs. Most of our bikes are 'hybrids'. These bikes are designed for road touring and are also suitable for light trail riding and dirt/gravel roads. Many of our hybrid bikes have light front suspension, a wide range of gears (21 *speed minimum*), comfortable saddles, aluminium frames and quality 'Shimano' components.

At times we can also provide lightweight mountain bikes. Generally all bicycles have a rear pannier rack and a small soft bag on the handlebars (*big enough to carry a poncho / rain coat and a light snack*). All bikes also have a water bottle holder and a single water bottle. There's no need for extra baggage on your bike as the support van is always within 30 minutes of the riders and makes plenty of sweeps during the day

Please let us know in advance if you require any of our FREE EXTRAS - otherwise *they will not be included* with the bikes:

- * Toe clips (*indicate with or without strap models*)
- * Gel seat pad

Fitness and Pre-Trip Preparation

The general rule on active holidays is to enjoy yourself. Sure there is physical exertion involved but you wouldn't have chosen a bike tour if you weren't aware of this fact! On the other hand, a bit of mental and physical preparation could help you enjoy your week even more. We suggest that you put in some riding time in the weeks building up to your holiday - even on a stationary bike. Try to get out for some hours on the weekends on varied terrain and if possible on hills, not that any of our excursions are overly strenuous - it's simply a good idea to put in a few miles beforehand!

Total Distance

225 km (over 5 days riding, if rest day is taken)

Level Rating:

- | | |
|-------|---|
| Day 1 | Easy to Moderate (mostly flat urban riding in Lisbon) |
| Day 2 | Moderate to Advanced moments (Long ascent of coastal headland) |
| Day 3 | Moderate at times (mostly rolling / occasional longer climb) |
| Day 4 | Moderate to Advanced moments (one long ascent of coastal pass) |

Personal Money

Outside of the meals not included in your holiday price, you may wish to have some Euros for other purposes. This could include visits to taverns for tapas and beverages or extra drinks during/after dinner, local souvenirs, and the bus/train journey on the rest day and any sites you may visit.

Exchanging money between your currency and the Euro is easy. Some options are:

- *To buy or bring Euros from your bank at home*
- *Use your normal bankcard here in Portuguese bank machines (good rates of exchange and low charges)*
- *Buy Euros from banks and moneychangers here in Portugal (poorer rates of exchange)*
- *Pay with your credit card (used everywhere)*
(Important note – travellers cheques are now hardly used in Portugal)

Telephoning and Internet in Portugal

Credit Cards may be used for International calls or a Portuguese Phone Card can be purchased for a certain value. INTERNET wifi (wireless) is frequently available in hotels and cafes throughout the region. Most hotels have wifi connections as well – almost always in the reception but not always in rooms.

Flights

We encourage our guests to arrange their flights / arrivals to and from Lisbon. Lisbon is an international airport that serves all of Europe and many regular flights into North America.

Transport Connections to Lisbon (pre tour)

Airport transfers to Lisbon are frequent and easy. Taxis are relatively inexpensive from the airport to the hotel or city center. Expect to pay minimum 12-15€ taxi fare or slightly more if travelling at night. There is a very efficient and rapid airport shuttle bus to the city center – costing about 2-3€ person for the one way trip.

Airports

Lisbon Portela International Airport (LIS)

Train

There are connections from the rest of Europe by train into Lisbon however most people fly direct into the country. For onward travel and other visits around Portugal, train is a perfectly valid option. There is a decent Metro UNDERGROUND train system connecting you to all Lisbon's main attractions. Alternatively the age old tram cars still function on the steep streets of Lisbon and make for a great way to experience the city!

Bus:

Bus connections throughout Portugal are very good and inexpensive. Connecting to the Algarve in the south or Porto in the north are two common travel extensions in Portugal.
