

Cycling Safaris

CROATIA 2024 Kvarner Bay

Guided Tour

Guide cycling with group | 195 km/122 mi | 7 nights / 8 days

Guarded by the towering Velebit mountain range in the east and hugged by the Istria Peninsula in the northwest lie the Kvarner bay islands. Quiet coves of crystal clear water surround the dramatic landscapes of the Kvarner bay islands; green hills and rocky moon landscapes give way to small harbour towns rich in history and culture. Discover the charm of the Adriatic Sea for yourself by bike and boat on board one of our romantic motor yachts.

Each day begins with a well-rounded breakfast leaving you fit to explore the diversity of the Kvarner Bay islands on a guided bike tour. Be it the medieval city of Rab, the car-free road in the sky on Dugi Otok or the contemplative life of the dwellers on the flower island of Molat, each day brings with it new discoveries. Evenings are mostly spent in picturesque harbour towns with winding alleyways where a great range of bars and cafes stand host for a relaxing evening.

TOUR ITINERARY

Day 1 (Fri) Omišalj (Embarkation) – Cres

Individual arrival in Omišalj, a nice little harbour village on the island of Krk. Check-in on the motor yacht between 2.00 and 2:30 pm. At 3 pm the ship takes us on our first four hour cruise to the island of Cres where we take a walk through the Venetian old town in the evening.

2nd day (Sat) Islands of Cres and Lošinj (approx. 18 mi./28 km)

After breakfast we start our tour from the city of Cres to Martinšćica. The boat awaits your arrival and lunch is served during the cruise to the island of Lošinj. If the weather is good, the captain will arrange a swim stop along the way before tying up in the harbour wellness town of Mali Lošinj. The port with its colourful facades and numerous cafes offers its visitors a welcoming atmosphere for a relaxed evening.

3rd day (Sun) Islands of Lošinj and Molat (approx. 12 + 6 mi. /20 + 10 km)

We cycle along the seaside promenade to the south of Lošinj and visit the picturesque small harbour town of Veli Lošinj before we meet the ship for lunch. In the afternoon we cross over to the island of Molat where we can do another short cycling tour. Finally we stay overnight in the quiet harbour of Molat.

4th day (Mon) Island of Dugi Otok and Zadar (approx. 20 mi. /32 km)

During breakfast the ship leaves Molat and takes us past many small islands to the “spice island” of Dugi Otok. Our bike tour starts in the bay of Božava which is surrounded by pine woods, agaves and tamarisk trees, and we cycle on a road almost free of traffic. Our tour leads us at first to the northern most point of the island where the light house of Veli Rat stands proudly since 1849 fulfilling its duty in guiding sailors safely on their way. A ride along the islands “Road in the Sky” brings us to the peaceful harbour of Savar or Bribinj. There will be ample time for a swim break in the afternoon before continuing to Zadar. In the evening our tour guide takes us on an extensive walk through the lively city centre.

5th day (Tue) Island of Pag – Rab (approx. 21 mi. /34 km)

After a morning crossing, we reach the island of Pag. In the harsh but delightful landscape of the island we come across many fig and olive trees. Over the centuries the inhabitants have built numerous stone walls for protection against the wind. Starting from Novalja we cycle on the narrow peninsula until we reach the sea from where the ship takes us to Rab. The island of Rab is one of the sunniest places in Europe. The town of Rab, the fortified capital of the island, was built in the Middle Ages on a wedge shaped headland and marks one of the highlights of the trip. The four famous bell towers are the symbol of the adorned beauty of the town. After dinner we can explore the narrow alleys with numerous cosy cafés.

6th day (Wed) Island of Rab (approx. 15 mi. /25 km)

We cycle along the coast to the east side of the island, an area with virtually no vegetation, which’s rough and cliffy rocks remind us of a lunar landscape. The road leads us to a bay with a sandy beach which is rather atypical for the islands of the Kvarner Bay. At lunchtime the ship awaits us in the harbour directly in front of the old town of Rab. After a swim-break the ship takes us over to the neighbouring island of Krk where we spend the evening in the historical town of Krk.

7th day (Thu) Island of Krk, (approx. 28 mi. /45 km)

We cycle over the ridge of the island which is covered by fragrant macchia to a valley of vineyards and then onwards to the small museum town of Vrbnik in the northeast. The town built on a 50-meter-high cliff and surrounded by vineyards is the home of the famous white wine Zlahtina. Another peculiarity that Vrbnik has to offer is the second narrowest alley in the world!. The way leads us across the island through old villages and rich vegetation to Omišalj. On our way we have a chance to swim in the bay of Soline. The last evening aboard takes place traditionally and includes the communal dinner and a last get-together in a cosy atmosphere with crew and tour guides.

8th day (Fri) Omišalj (Disembarkation)

After breakfast disembarkation until 9 am and individual trip home or extended stay in Croatia.

Group riding pace:

On our regular cycling tours, the cyclists on regular bicycles determine the pace. We ask guests who have reserved an e-bike to be mindful of this and to acknowledge that the regular cyclists need time to rest and take longer to climb the hills. We thank you for your understanding.

We reserve the right to make changes to the itinerary, depending on wind and weather conditions or organizational requirements.

WHAT TO BRING

Specialised cycle clothing may be handy but not strictly necessary. What you do need (among other things) is the following:

- shorts/ long trousers/ track suit/ leggings
- shirts/ sweater/ rain clothing / good shoes
- sunglasses/ cap/ swimming costume / own helmet
- extra towel for swimming
- soap/ insect repellent

BIKE & FITNESS

Clients who wish to be supported by a tail-wind and seek to hire an e-bike will receive a high-quality pedelec, powered mainly by a Bosch motor capable of covering long distances, and characterized by their light weight and great components. Alternative drive systems may also be used. Standard components of our e-bikes in varying frame sizes include, 28 inch hollow chamber rims with puncture-proof touring tires, high-quality derailleur gears and break systems, a carrier and a sturdy bike stand, touring saddle as well as mudguards and a pannier rack. With our e-bikes you will conquer the hills with a smile, they are a true declaration of independence for all who wish to cycle and seek the support of a little push. These high-quality hybrid bikes are rented for 180 euro per week. Unfortunately there is no possibility to reserve one particular bike-brand in advance.

Helmet use is mandatory on all bike tours in Croatia. You are strongly encouraged to bring your own (well fitted) helmet. Rental Helmets are available on board in limited number (reservation requested).

The Bike tours require basic level of fitness from participants, which they should have acquired from steady cycling. The day tours from 20 – 60km will take you through hilly and mountainous terrain and may be completed without any time constraints. Participants will also need to master long and steep climbs during which they are, however, also able to push their bikes.

You are free to set aside a half or full day swim or spend on board the boat, instead of taking a planned bike tour. We will traverse mostly asphalted roads, which are rarely travelled on outside the holiday seasons.

Each day you can either decide to bike alone, using the information and maps provided, or join the tour guides and other participants.

THE BOAT

Comfort Boat Linda (all cabins with shower/toilet)

The ship is a spacious wooden motor yacht and being 31 metres long and 6 metres wide the MY Linda is among the larger ships in the Croatian fleet. The large saloon can accommodate 32 guests and the middle sundeck is constructed in a way that meals can also be served outside. The ship has 14 en suite cabins: 10 cabins are on deck, 4 are below deck. Captain Damir and his crew look forward to making your vacation an unforgettable one.

GENERAL INFORMATION

Meals

The cook on board is a member of the crew and prepares the breakfast and and or two warm meals a day. The catering consists of 2 full board and 5 half board. Catering starts with the dinner on the arrival day and ends with the breakfast on the departure day. The ample breakfasts comprise of bread, butter, jam, cheese, sausages, coffee, and tea as well as some extras.

For lunch, the cook will generally prepare a light meal and for dinner you can expect a great menu of several courses that often includes fish or seafood as its central dish. Please let us know beforehand if there are any foods you may or will not eat, and we will do our best to accommodate your wishes and to provide alternatives.

Electricity, water and telephone on the ship

Electricity and water are available on board, of course, but within limits. All ships have a generator for 220V, which will however not work around the clock, e.g. to ensure your night's rest it will be switched off overnight.

The plugs are ordinary flat European plugs with two round pins of 4.8 mm in diameter.

The water tanks are large enough to provide sufficient cold and warm water for washing and showering for everyone, if it is used with consideration, i.e. if you turn it off while soaping, and do not leave it on unneeded. All countries have access to a local GSM 900 mobile telephone network that you can log into if your phone is GSM compatible.

Bringing Children:

We believe that only children in a good physical condition and of a minimum age of 10 and previous bicycle tour experience are able to master the bike-tours on their own strength. Please note that the minimum height for a rental bike is 1, 20 m (4ft.)

Arrival to tour start

- Kvarner Bay: it is possible to fly to the airport of Rijeka, which is close to port of embarkation Omisalj, on the island Krk. We can organize (taxi) transfers between Rijeka airport and boat in Omisalj (on day of embarkation/disembarkation only): prices on request. Reservation required. Please let us know your exact flight details.
- Another possible airports is Zagreb (transfer time to Omisalj: 2 hours) or Zadar (transfer time to Omisalj: 3 hours)
- Or also Split, (transfer time to Omisalj: 3.5 hours) There are no direct flights from Ireland to Split, but we suggest you use www.skyscanner.net to find the most convenient route for you.
