

Cycling Safaris

CROATIA Southern Dalmatian Islands from/to Trogir 2026

Guided Tour
Guide cycling with group | 196 km/122 mi | 7 nights / 8 days

Our cycle tours in Southern Dalmatia, which is the smallest and most sparsely populated region of Croatia, will take us past unique little towns and the beautiful island countryside. These tours will let us experience the beautiful island of Korčula with its picturesquely situated old township and the beautiful lavender island of Hvar. Stroll around Hvar town with its mighty fortress and enjoy the calmness of the artist's town Stari Grad. Our tour guide explains us the towns of Trogir, Hvar, Stari Grad and Korčula, which are almost all protected under UNESCO's World Heritage list.

This tour is occasionally offered parallel to the mountain bike cruise in Southern Dalmatia on the same boat. In this case one tour guide will cycle with the mountain bikers while the other will accompany the hybrid cyclists. Due to changing wind and weather conditions as well as organizational requirements the tour could be conducted in reverse order.

TOUR ITINERARY

1st Day (Fri) Trogir (Embarkation) – Island Solta

Individual arrival by car to Trogir or by plane to Split Airport, located about 3.5 mi./6 km away from the harbour of Trogir. After checking in on the motor yacht between **1pm and 1.30pm**, the first cruise from Trogir to the island of Šolta begins at 2 pm. The first night is spent in a quiet harbour on the island of Solta with the opportunity to take a swim after a day of travel.

2nd Day (Sat) Island Vis (aprx. 20 mi./31 km)

This morning we enjoy a cruise during breakfast to the Island of Vis. Vis is the furthermost inhabited island from mainland Croatia. A Greek colony called Issa inhabited the island 2,300 years ago. Due to its strategic location it was a military zone until 1995 and prohibited for foreign tourists. Today we have the opportunity to explore the lovely island by bicycle. We have plenty of time to enjoy the island and spend the night here.

3rd Day (Sun) Island Korčula (aprx. 18.5 mi./30 km)

In the morning we leave the island of Vis by boat and navigate to the harbor town of Vela Luka on the Island of Korčula. Along the way we throw the anchor for a refreshing swim stop. Korčula is regarded as one of the most scenic islands in the Adriatic, abundant in scenic impressions and quaint villages nestled in the green. Once we arrive in Vela Luka we can enjoy a round tour from Vela Luka to the village of Blato and back again. The night is spent in Vela Luka.

4th Day (Mon) Island Hvar: Hvar Town – Stari Grad – Jelsa – Stari Grad (aprx. 14 mi./22 km + aprx. 12 mi./20 km)

The day starts with a relaxing cruise to Hvar town on Hvar Island. Make use of the time before the cycle tour starts and go for a little stroll through the city. Standing on the magnificent Renaissance Square you can enjoy a view up to the Spanish fortress towering high above the city. Today's bike tour takes us from the city of Hvar through small villages and lavender fields to Stari Grad on the opposite side of the island. The descent to Stari Grad offers breathtaking views. After a lunch break we continue start off on a second cycling tour through the green planes of the island to the seaside town of Jelsa. After a break for coffee and ice cream, we continue the round trip back to Stari Grad where we spend the night.

5th Day (Tue) Brač Island: Milna – Postira (aprx. 18 mi./29 km)

In the morning we cruise to the island of Brač, famous for its radiant, precious limestone that was, among others, used for the White House in Washington and in the construction of the German Reichstag building in Berlin. Once we have arrived on Brač, we start our bike tour from Milna to the picturesque harbor town of Postira. At first we cycle inland through small villages and past local architectural relics before hugging the coast with spectacular views across the channel to the mainland. On arrival in Postira there are many ways in which to enjoy the rest of the afternoon. The night is spent in the quiet harbor of Postira.

6th Day Omiš roundtour (aprx. 27 mi./44 km) or Rafting in Omiš

During breakfast the boat brings us to Omiš. Today we have the choice either to take a bus transfer to go rafting through the Cetina Canyon (not included in the tour price) or to make a bike tour around Omiš. The bike tour takes you once around the outskirts of the canyon with great views over the river and back down towards the sea. The rafting group will be picked up from the boat by a bus. From the starting point they will follow the river downstream in the rafts gaining a unique perspective of the canyon and its flora and fauna. Participants of the rafting trip are brought back to the boat in the bus after the activity. In the afternoon we cruise to Split, where we spend the night.

7th Day Split - Insel Čiovo - Trogir (aprx. 12.5 mi./20 km)

In the morning, we enjoy our last cruise back to Trogir. From here, we take the bikes across the local bridge to Čiovo Island where we enjoy our last bicycle tour. Čiovo is a sea of flowers and the aromatic scent of wild herbs hangs in the air. We cycle to the local beach where we can enjoy a refreshing swim and coffee break before returning to the boat in Trogir. Once we arrive, there will be plenty of time to visit the Old Town of Trogir, listed as a UNESCO World Cultural Heritage Site. The last evening aboard is celebrated in traditional fashion in the company of our fellow travellers and guides.

8th Day (Fri) Trogir (Disembarkation)

After breakfast disembarkation until 9 am followed by individual trip home or extended stay in Dalmatia/Croatia.

Itinerary changes

We reserve the right to make changes to the planned itinerary due to changing wind and weather conditions as well as organizational requirements. Should it be the case for example that the harbours on the above mentioned tour sequence are overcrowded, the tour will be operated in reverse.

Level 4 / 5

Cycling tours through hilly to mountainous terrain with some steeper ascents of up to approximately 400 meters. Requires confident riding on winding descents, uneven asphalt, and occasionally gravel paths. Suitable for experienced cyclists accustomed to longer daily stages.

Distance: 20 - 44 km per day

Total elevation: 300 - 700 meters of elevation per day

Road conditions: The roads are mostly asphalted and there is little traffic outside of holiday periods. On the islands of Hvar and Korčula, some short sections lead over unpaved gravel and field tracks.

Traffic: In and around the coastal city of Split, as well as in the town of Hvar, traffic can be expected.

Infrastructure: There are no designated bike paths in Dalmatia, so the bike tours take place on public roads, preferably on quiet side streets.

Relevant for all levels: Safe cycling skills and familiarity with road traffic are prerequisites for taking part in our tours. All tours, including the elevation gains, can be mastered more easily with electronic assistance. Anyone renting an e-bike should already have experience and be confident in handling e-bikes, as these bikes are significantly heavier and faster than conventional bikes.

Individual cycling

This tour is primarily a guided group tour. Upon consultation with your tour guides, the possibility to cycle on your own along recommended, suitable routes, may present itself. You are free to set aside a half or full day to swim or spend on board the boat, instead of taking a planned bike tour.

2026 TOUR DATES & COSTS – Departs on Fridays

Season A: April 24, October 23

Season B: May 8, July 3, October 9

Season C: May 22, June 5, June 19

THE BOAT

Premium Ship SAN SNOVA (all cabins with shower/toilet)

At 31 x 8 m the MS San Snova is a modern wooden motor yacht launched in 2009 and was made exclusively for Islandhopping cruises. This ship, constructed entirely of oak, was built by the Serka family over three years in their own carpentry as a family project. The wooden boarded salon spreads a cosy atmosphere accentuated by the various outdoor lounging areas and the meadow of sunning mats on the top deck. The 14 spacious cabins are air conditioned and fitted with shower and toilet. The crew and the captain care for an immaculate appearance and a fun-loving atmosphere on board the ship.

BIKE & FITNESS: Bike hire is not included in the tour package.

Hybrid bikes are an additional €85

Those choosing to rent a hybrid bike will receive a reliable, low maintenance, aluminum frame bike in the suitable size. Our hybrid bikes are equipped with 28 inch hollow chamber rims with puncture-proof touring tires, high-quality derailleuer gears and break systems, a carrier and a sturdy bike stand, touring saddle as well as mudguards and a pannier rack. All components are selected based on our twenty years of experience in bike tourism, insuring that they fulfil the necessary criteria to provide the rider with an uncompromised cycle experience.

Unfortunately there is no possibility to reserve one particular bike-brand in advance

Electric bikes are an additional €260

Clients who wish to be supported by a tail-wind and seek to hire an e-bike will receive a high-quality pedelec, powered mainly by a Bosch motor capable of covering long distances, and characterized by their light weight and great components. Alternative drive systems may also be used. Standard components of our e-bikes in

varying frame sizes include, 28 inch hollow chamber rims with puncture-proof touring tires, high-quality derailleur gears and break systems, a carrier and a sturdy bike stand, touring saddle as well as mudguards and a pannier rack. With our e-bikes you will conquer the hills with a smile, they are a true declaration of independence for all who wish to cycle and seek the support of a little push.
Unfortunately, there is no possibility to reserve one particular bike-brand in advance.

Helmet use is mandatory on all bike tours in Croatia. You are strongly encouraged to bring your own (well fitted) helmet. Rental Helmets are available on board in limited number (reservation requested).

Children

We believe that only children in a good physical condition and with a minimum age of 10 and previous bicycle tour experience are able to master the cycle tours on their own strength. Please note that the minimum height for a rental bike is 1.20 m (4 ft.) for hybrid bicycles and 1.50 m (4.5 ft.) for e-bikes. There is a helmet duty for all children up to age 16 in Croatia.

When travelling with children, we recommend our Multi-Adventure Tours in Greece and Croatia which are specifically curated for families and offer family-friendly pricing.

WHAT TO BRING

Specialised cycle clothing may be handy but not strictly necessary. What you do need (among other things) is the following:

- shorts/ long trousers/ track suit/ leggings
- shirts/ sweater/ rain clothing
- good shoes plus shoes for use on deck only
- sunglasses/ cap/ swimming costume
- extra towel for swimming
- soap/ insect repellent
- own helmet

GENERAL INFORMATION

Meals

The cook that travels along is a member of the crew and prepares breakfast and one or two warm dishes a day which take into account the requirements of active cyclists. The ample breakfast comprises bread, butter, jam, cheese, sausages, coffee, and tea as well as some extras. For lunch, the cook will generally prepare a light meal and for dinner you can expect a great menu of several courses that often includes fish or seafood as its central dish. Please let us know beforehand if there are any foods you may or will not eat, and we will do our best to accommodate your wishes and to provide alternatives.

Electricity, water and telephone on the ship

Electricity and water are available on board, of course, but within limits. All ships have a generator for 220V, which will however not work around the clock, e.g. to ensure your night's rest it will be switched off overnight. The plugs are ordinary flat European plugs with two round pins of 4.8 mm in diameter.

The water tanks are large enough to provide sufficient cold and warm water for washing and showering for everyone, if it is used with consideration, i.e. if you turn it off while washing, and do not leave it on unneeded. All countries have access to a local GSM 900 mobile telephone network that you can log into if your phone is GSM compatible.

Arrival to tour start

- Taxi transfer from the airport of Split to the ship in Trogir.
- There are no direct flights from Ireland to Split, but we recommend you use www.skyscanner.net to find the most convenient route for you.
- There is an option to fly into Zadar Airport and from here get the airport bus into Zadar station, and a coach from Zadar to Trogir should take under 2 hours.
