HIGHLANDS OF DONEGAL Self Guided Tours 2026

Donegal is one of the undiscovered gems of Ireland. There is a wonderful mix of coastal cycling and a highland landscape where you can feel completely away from it all, before returning back to the coast and the most beautiful beaches in the country. The light is amazing here, with a landscape full of browns, greens and purples constantly altering their tone with the changing light. Traditional music is very strong here and the people have a wonderfully gentle nature.

The roads are all tarmaced and the route is designed to ensure that you spend most of the week on quiet backroads. Occasionally it will be necessary to ride on busier roads which is unavoidable as there may be no minor roads on certain stretches of the route. To experience the majestic scenery of this area the route does have some climbs, so it is worth getting a few weekends training on a bike in varied terrain before coming thus ensuring that you can fully enjoy the week.

*We provide small **pannier bags** (not waterproof) in which you can keep your day-to-day items. Otherwise you may prefer to use a daypack and there are back carriers on each bike for this purpose.

*We do not provide **rain gear** so be sure to bring your own light weight waterproofs.

*Don't forget **sun cream, sunglasses, sun hat** as well as a bathing suit for that refreshing dip in the Atlantic Ocean.

*Our rental bikes don't have **lights** – no problem on the long summer evenings, but if you are travelling in May or September, please bring your own light or high-visibility vest.

GENERAL INFORMATION

Weather

Because we are an island located near the gulf stream Ireland has a very mild climate making it ideal for cycling. We recommend that you bring your rain gear as well as your sun hat as a day that starts with rain can end with glorious sunshine! The temperature range during the summer is between 15 and 22 degrees centigrade (60 to 72 degrees Fahrenheit)

Visa requirements

If you hold an EU passport you only need to make sure your passport is valid for the period of your stay. All other nationalities require a passport that is valid for 3 months beyond the intended length of stay. Most nationalities including the USA, Canada, Australia and New Zealand do not require visas for Ireland and receive an automatic 90 day visitor's visa on arrival. If your nationality is not mentioned here you should check with your travel agent or consular office.

Electrical current/Mobile Phone

The standard electrical supply is 220 volts AC (50 cycles). To use small appliances mainland European visitors may require a plug adaptor to fit our 3-pin flat or 2-pin round wall sockets. The mobile phone system in use is a digital GSM 900 system.
