MANTOVA TO VENICE

BIKE & BOAT TOUR 2025

Guide cycling with the group OR self guided tour | 210 km | 8 days / 7 nights

After a day at your full disposal to discover the magic of Venice, you will start exploring the peculiar ecosystem of the lagoon and the Po Delta area. The trip leads you in the core of the Po plain, until Mantova, where a lot of worldwide known artists left their masterpieces, thanks to the assignment of the famous Gonzaga family.

This cycling tour is largely along the flats of the Po plains, and the daily stages vary from 30 to 55 km – mostly on tarmac cycle paths along rivers and canals, or quiet country roads. The boat is moored at night and typically sets sail after breakfast, meeting up with the bikes in the afternoon. Some parts of the itinerary are undertaken by boat, for example to allow easier access onto cycling paths, or simply to enjoy the cruise through the Venice lagoon.

TOUR ITINERARY

Day 1 Arrival to Mantova

We welcome you aboard your new home-from-home from 5pm onwards and then regroup for the introductory briefing at 6.30pm with your tour guide, skipper and crew, along with a first refreshing aperitivo. After dinner we can stroll into town and savour the historic centre at its most evocative: Benvenuti a Mantova!

Day 2 Mantova, round tour (35 km, elevation +115m / -115m)

An entire day dedicated to the discovery of this little visited cultural gem, its three picturesque “lakes” formed by the Mincio, most known highlights of the town.

If you like, you can meet our Mantuan guide for a walking tour across the historic centre of Mantova: starting from Piazza Sordello with its magnificent cathedral and Palazzo Ducale. Duration around 1,5 hours.

Day 3 Mantova-Governolo-Zelo (50 km, +115m / -125m)

A short cruise along the lush banks of the Mincio takes us to Governolo, where it flows into the Po and forms the largest inland basin in Italy. At Governolo Lock, once a vital staging post for local navigation, we saddle our bikes and follow the Po through Ostiglia (famed for its medieval fortress and floating mill) and on to the village of Bergantino. Here we visit the charming Carousel and Street Entertainment Museum. Finally, we reach Zelo, a sleepy village on the Canal Bianco, the waterway which runs parallel to the Po.

Day 4 Zelo-Ferrara-Adria

(50 km, +145m / -145m, +60 km by bus, 1h 15 min.)

After breakfast we continue our bike and boat adventure cycling towards Ferrara, another key City State of ancient Italy. You will visit this historic town and discover its little touched centre, still surrounded by the original city walls. From Ferrara a short transfer by private coach will take you to Adria. Once close to the shores of the sea which bears its name, Adria was an ancient Greek port, famous for trading Baltic amber. Its remarkable museum also bears witness to its Etruscan, Roman and Venetian heritage.

Day 5 Adria-Po Delta Nature Reserve - Pellestrina Island (40 km, +110m / -110m)

After a short cruise, we cycle into the delta of the life-giving Po. This unique wetland is the prime reserve in Europe for herons and home to a sizeable colony of flamingos. Weather permitting, as we continue towards Chioggia, we can also enjoy a break at a fine sand beach nearby for a dip in the Adriatic – not forgetting a hot savoury piadina! Chioggia is also known as “Little Venice”, a colorful fishing hub. The overnight takes place on the Island Pellestrina, just in front of Chioggia.

Day 6 Pellestrina Island - Venice (25 km, +115m / -115m, ferry 15 minutes)

Venice beckons, but first another world altogether: Pellestrina, the first of two islands we traverse today – a humble and tranquil fishing backwater, picturesque as ever with its cottages, boats and nets. A short island-hop by ferry lands us on the Lido. We will visit a historic glass factory on Murano Island, with a glassblowing demonstration by a master artisan. Then we head for our final destination, Venice. We can savour Venice at night, now free of the crowds and at her most romantic: Benvenuti a Venezia! Dinner is not included today, so you have free choice!

Day 7 Venice

In the morning a local guide will let you discover the capital of the ancient “Serenissima Republic of Venice”, which held sway over much of the Mediterranean (and beyond) for centuries. After that you have a lot of time to soak up its timeless beauty or explore its islands.

Day 8 Venice - homeward Bound

Departure after breakfast.

High and low water issues, as well as logistic obstacles can modify some of the daily stretches or embarkation points. These decisions are taken by the captain. It is envisaged that the boat will sail some of the way during breakfast or the evening meal to make getting out of the towns easier or to shorten the stages.
