VENICE TO MANTOVA BIKE & BOAT TOUR 2026

Guide cycling with the group OR self guided tour | 210 km | 8 days / 7 nights

After a day at your full disposal to discover the magic of Venice, you will start exploring the unique ecosystem of the lagoon and the Po Delta area. The trip leads you in the core of the Po plain to Mantova, where numerous artists left their masterpieces, thanks to the assignment of the famous Gonzaga family.

This cycling tour is largely along the flats of the Po plains, and the daily stages vary from 30 to 55 km – mostly on tarmac cycle paths along rivers and canals, or quiet country roads. The boat is moored at night and typically sets sail after breakfast, meeting up with the bikes in the afternoon. Some parts of the itinerary are undertaken by boat, for example to allow easier access onto cycling paths, or simply to enjoy the cruise through the Venice lagoon.

TOUR ITINERARY

Day 1 Arrival to Venice

Individual arrival to Venice. We welcome you aboard your new home-from-home from 5pm onwards. At 6.30pm we regroup for the introductory briefing with your tour leader, skipper and crew. After dinner we can savour Venice at night, now free of the crowds and at her most romantic: Benvenuti a Venezia.

Day 2 Venice

In the morning the local guide will let you discover the capital of the ancient 'Serenissima Republic of Venice', which held sway over the Mediterranean (and beyond) for centuries. After the guided tour of Venice you have lot of time to soak up its timeless beauty or explore its islands.

Day 3 Venice – Pellestrina Island (25 km, elevation +140m / -140m, ferry transfer 15 minutes)

Cruising out of Venice at a gentle pace, we start our bike and boat adventure on the Lido, the first of two islands we explore today. Fashionable with the artists and aristocracy of the Belle Époque, the Lido di Venezia is now home to the International Venice Film Festival and its galaxy of stars. A short island-hop takes us to Pellestrina, where we cycle towards the Ca' Roman nature reserve, past the fishermen's cottages and boats. Here, where we rejoin the barge just in front of Chioggia – a bustling and colourful fishing harbour known as "Little Venice".

Day 4 Pellestrina Island – Po Delta Natura Reserve – Adria (40 km, +140m / -140m)

A morning stroll through Chioggia's fish market is recommended and, time allowing, a visit up the millennial clock tower – the oldest in the world – for some breathtaking views. Our cycling resumes southbound, into the delta of the imposing Po. This unique wetland park is the prime reserve in Europe for herons and home to a colony of flamingos. We overnight in Adria, an ancient Greek port once close to the shores of the sea which bears its name, also renowned for its Etruscan and Roman heritage.

Day 5 Adria-Ferrara-Zelo (35 km, +120m / -115m, + bus transfer 1h 15 min)

After a short cruise we saddle our bikes and, following the Po through farmland and hamlets, we reach Ferrara. Under its overlords, the Este family, this ancient City State attracted influential architects and artists for centuries. A private bus takes us back to our floating hotel in Zelo, a sleepy village on the Canal Bianco, the waterway which runs parallel to the Po.

Day 6 Zelo-Mantova (50 km, +125m / -115m)

We sail for a short stretch and, back on our bikes, we reach the village of Bergantino where we visit the charming Carousel and Street Entertainment Museum. Following the river through Ostiglia (famed for its medieval fortress and floating mill) and on to Governolo Lock. Once a vital staging post for local navigation, this is where the River Mincio flows into the Po, creating the largest inland basin in Italy. Leaving the Po behind, we reach Mantova through a magnificent navigation in the late afternoon. Dinner is not included tonight, so you can pick your choice!

Day 7 Mantova round tour (35 km, +115m / -115m, guided visit 1h 30 min)

An entire day dedicated to the discovery of this little visited cultural gem, its three picturesque "lakes" formed by the Mincio, and its surrounding countryside – once a City State ruled by the Gonzaga family. In the late afternoon a local guide will lead you through the most known highlights of the town.

Day 8 Mantova. Homeward Bound

Departure is after breakfast.

High and low water issues, as well as logistic obstacles can modify some of the daily stretches or embarkation points. These decisions are taken by the captain. It is envisaged that the boat will sail some of the way during breakfast or the evening meal to make getting out of the towns easier or to shorten the stages.
