WHAT TO BRING

Your enjoyment of your walking holiday will be greatly helped by having the right gear. The following list should help you in planning your packing for your trip.

Footwear: Good footwear is vital for a happy walking holiday! We recommend waterproof, breathable, walking boots with good ankle support. Boots which are “broken in” (i.e. not brand new), teamed with **well fitting hiking socks** will keep your feet snug and dry and help to avoid blisters.

Hiking Clothes

We recommend the “onion look” of layering clothing as the best protection against heat/cold:

- Base Layer –this layer should not retain moisture but transport it away from the skin (there are lots of “wick away” fabrics now on the market.
- Insulation layer – this layer should stop you from losing body heat – fleece is ideal
- Outer Layer – this layer should keep you dry even in a downpour! A **waterproof**, breathable jacket and over-trousers are as important as your comfy boots. You should bear in mind that clothing tends to lose its “waterproofness” over time so if you have had your gear for many years it might be time to treat yourself with a trip to an outdoor store!
- Walking trousers/ shorts (avoid denim)
- Warm hat and gloves for chilly mornings or high mountains
- Sun hat
- Walking stick/pole (a great help on uneven terrain)

Daypack - a small comfortable rucksack to carry the bits and pieces you will need during the day:

- Water bottle/flask
- Moleskin/plasters/”second skin” – ward off any impending blisters before they become a problem!
- Sun screen
- Camera
- Binoculars
- Mobile phone

Travel

Starting point of this trip is Bled in NW Slovenia .

Slovenia is well served by mayor airlines. Of the mainstream carriers, Slovene national airlines [Adria Airways](#) fly to Ljubljana airport daily from Munich and Frankfurt. Additionally they serve London (Luton), Amsterdam, Brussels and Copenhagen on a weekly basis.

[Easy Jet](#) flies daily from London to Ljubljana. [Ryanair](#) serves Klagenfurt and Graz (from London Stansted) in SE Austria plus Trieste in Italy (Birmingham, London, Barcelona, Valencia, Brussels and Bari) that are all very close to the starting points of our trips. [Wizzair](#) connects Ljubljana with London Stansted and Brussels Charleroi.

Airport of Ljubljana is 25 km from the centre. There are regular bus shuttle connections to the city but no trains are operating from there. If you need an airport transfer, please go [here](#).

By train:

Ljubljana has a centrally located railway station. All trains from [Italy, Austria, Germany, Hungary and Croatia](#) stop here. Maribor also has a central stations – trains en route from Vienna / Graz to Zagreb and Ljubljana stop here.

Lake Bled has two railway stations: main station is called Lesce - Bled on Villach - Ljubljana line. It is 4 km from the centre of the town, but there are good bus connections. Other Lake Bled station is called Bled Jezero on mainline Jesenice - Trieste - this one is specially useful if you fly to Trieste (take a taxi from the airport to Monfalcone and then train via Gorizia / Nova Gorica to Bled. Contact us for details about this good connection).

Koper station is 1 km from the centre and port. Directly it is only connected with Ljubljana, for trains of other origins you may need to change at Divača railway station. Alternatively Trieste can be used with good connections from and to Venice. For train connections in detail, look [here](#).

When is the best time to visit Slovenia?

Every season of year has its own charms in Slovenia. If you like blooming fruit trees, come and visit Western Slovenia in spring. Hot summers are coolest in Alpine valleys, along crystal clear rivers and deep forests.

Unforgettable autumn colours cover East Slovenian hills every September. Any time you choose to come - you're welcome.
