

PRAGUE TO VIENNA 2025

Self-guided Tour 332 km | 8 nights /9 days

The Czech Republic is a beautiful country in central Europe. Past generations have left a wonderful treasure of cultural and historical monuments reflecting a rich and diverse history - ancient towns full of life and culture, Gothic castles and churches, Renaissance chateaux, and many examples of folk cultures. More than two thousand castles, chateaux and castle ruins have been preserved in the Czech Republic. Few countries of Europe can match its richness of historical and architectural monuments.

This tour will give you the opportunity to discover the impressive countryside of Moravia and Bohemia Lands which are still less visited corners of central Europe. The tour links the magificent cities of Prague and Vienna with the picturesque villages of Moravia, architectural pearls of Bohemia and other natural gems of the country. Most of the days trails are through beautiful and ever changing landscape with little traffic in unspoiled countryside.
