Amsterdam Tulip Tour 2025

Guide cycling with group | 270km | 7 nights / 8 days

Thursday arrival day

Between April and mid-May we offer special tulip tours, centered on the Tulip theme and you visit of course the Keukenhof.

On this bike and barge tour we cycle through the green heart of Holland, with its meadows, ditches and farms. The route leads through vast fields of tulips between Leiden and Haarlem, where you can visit the world-famous, 32-hectares flower garden The Keukenhof. Over 7 million bulbs, with a total of 800 varieties of tulips, bloom here, it is a unique, unforgettable experience!

The tulip bulb, originally from Turkey, reached the Netherlands at the end of the 16th century. The flower and bulb were thought to be so special that a lively trade arose quite quickly. In 1634 there was one single bulb that was so expensive, a whole canal house in Amsterdam could be bought with its worth.

Apart from the beautiful flowers we also visit the famous cheese city of Gouda, the 19 windmills of Kinderdijk (World Heritage List), the international port of Rotterdam and the Residence in The Hague.

ACCOMMODATION / BARGES

Our motorised passenger vessels are about 35 - 45 metres in length and are former river vessels especially converted for this kind of holiday. The barges all comply with the strict safety regulations laid down by the Dutch Shipping Inspection Authorities. On board you find a cosy dining room, a sun deck/a deck for the bicycles. All cabins are provided with running water (hot and cold), private shower and toilet, 220 voltage and central heating. There is limited storage space in the cabin. We recommend 1 suitcase per person which you can slide under the bed.

Do not expect a cruise ship with its passive luxury. The Bike & Barge Holidays are for people who really enjoy the physical activity of cycling and who value sociability more than wholesale luxury.
